Type of telephone system being utilized: _____

Type of access from the telephone system:

- C.O. Trunk Loop/Ground Start PagePort Aux. Trunk Centrex/Station Port Other _____

If you checked the **zoning** box above, indicate specific areas (zones) into which the customer would like to divide the facility. Also indicate whether customer wants talkback (**TB**), night bell (**NB**), background music (**BM**) in that zone, Ambient Level Controller (**ALC**), and Visual Message Centers (**VMC**).

<u>ZONE</u>	<u>AREA</u>	<u>TB</u>	<u>NB</u>	<u>BM</u>	<u>ALC</u>	<u>VMC</u>	<u>ZONE</u>	<u>AREA</u>	<u>TB</u>	<u>NB</u>	<u>BM</u>	<u>ALC</u>	<u>VMC</u>
1.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	5.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	8.	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Add a separate sheet for additional zones. (Up to 56 zones are available.)

Secure a blueprint or a detailed sketch from your customer to gather additional information about your customer's location. Verify that scales/dimensions are documented on the print. Walk through the facility to gather info (See checklist below). Send this form and blueprint to Tech Support at address below.

Please mark the following information on the blueprint or sketch:

- Mark the ambient noise levels for each specific area (use a dB meter (V-9992), or dB charts).
- Referring to the zones above, indicate areas, or specific locations of zones.
- Mark locations of existing or proposed telephones.
- Indicate areas that do not need to be covered for paging. (Mark with "no paging".)
- Indicate the types of ceilings and ceiling heights for each area.
- Indicate areas where customer will want to locate a doorphone speaker.
- List any/all equipment attempting to re-use (manufacturer, model, type and voltage of speakers).
- Indicate any sound barriers (warehouse racks, mezzanines, new walls, etc).
- Floor type for each area (cement, tile, wood, metal, grate).
