

DoorPhone Controller and Door Speakers

PagePac® DoorPhone Controller and Door Speakers are ideal for businesses, schools, correctional facilities or anywhere you need to control access to your facility. With just a push of the button, your visitor initiates a two-way communication from them to you. You have the option to allow access by dialing a programmable code on the telephone to unlock the door or deny access.

Features & Advantages

Weather-Resistant

Able to withstand harsh elements.

Talkback Speakers

Allows two-way communication.

Door Phone Controller

Provides voice communication between your telephone system and the DoorPhone Speaker.
